### **Mineral Sands Drilling to Recommence in Colona Joint Venture Area, S.A**

Adelaide Resources has been advised by its joint venturer, Iluka Resources Limited, that mineral sands drilling will recommence in the Colona Joint Venture area in early May.

A significant part of this drilling will follow-up the encouraging results announced on 27 January 2005.

Infill and extended drill traverses are planned for the previously identified 15 kilometre long prospective section of the Ooldea Range with additional traverses within the new Exploration Licence 3316 (see attached plan).

Keith Yates  
Executive Chairman

*The information in this report insofar as it relates to ore or mineralisation is based on information compiled by K R Yates, who is a corporate fellow of the Australasian Institute of Mining and Metallurgy and has a minimum 5 years' experience in the field of activity being reported.*
