Adelaide Resources appoints Barbara Anderson as Exploration Manager

Adelaide Resources Limited is pleased to announce that Ms Barbara Anderson has been appointed as the company's Exploration Manager.

A graduate of the University of Canterbury in Christchurch, New Zealand, Ms Anderson has extensive industry experience having explored for a range of minerals including gold, diamonds, copper and base metals in diverse geological settings in South Australia, Northern Territory, Western Australia and New Zealand.

Ms Anderson held exploration positions and consultancies with companies including Freeport McMoRan Limited, Normandy Mining Group, Mount Isa Mines, the Flinders Diamonds/Maximus Group, Minotaur Resources Limited, and recently with Gold Fields Australasia Pty Ltd.

A highlight of Ms Anderson's recent career was her role in the evaluation of several Iron Oxide Copper-Gold (IOCG) targets in South Australia including participation as a member of the team responsible for the Prominent Hill discovery.

Commenting on Ms Anderson's appointment, Managing Director Chris Drown said "The Exploration Manager position is one of our company's critical roles. Barbara is a very experienced, field oriented, exploration geologist and we are thrilled to have secured the services of such a highly regarded industry professional."

Chris Drown
